Título: Partial Differential Equations Of Mathematical Physicis

Autor: Harry Bateman

Editorial:

Tema:

Sinopsis

Precio: $1300.05

Año: 2008

Edición: 2ª

ISBN: 9780521091633

arry Bateman (1882-1946) was an esteemed mathematician particularly known for his work on special functions and partial differential equations. This book, first published in 1932, has been reprinted many times and is a classic example of Bateman's work. Partial Differential Equations of Mathematical Physics was developed chiefly with the aim of obtaining exact analytical expressions for the solution of the boundary problems of mathematical physics.
