**ISBN:** 9781405124416

Description

Accessible and clearly written, Living Language: An Introduction to Linguistic Anthropology introduces readers to the study of language in real-life social contexts around the world through the contemporary theory and practice of linguistic anthropology.

A highly accessible introduction to the study of language in real-life social contexts around the world

Combines classic studies on language and cutting-edge contemporary scholarship and assumes no prior knowledge in linguistics or anthropology

Provides a unifying synthesis of current research and considers future directions for the field

Covers key topics such as: language and gender, race, and ethnicity; language acquisition and socialization in children and adults; language death and revitalization; performance; language and thought; literacy practices; and multilingualism and globalization
