Edición: 1ª

Sinopsis

ISBN: 9781904456636

?Overseas aid? and ?international development? are catch-all terms that cover a multitude of activities?and abuses. This guide explains what ?development? actually is?and explores its political and economic roots. It shows what can happen in the name of development and argues for a more organic, social approach with those it seeks to serve as equal partners in the process.
