Sinopsis

ISBN: 9780545227544

This collection of 40 short quotes—including favorites about friendship, respect, and generosity—helps young writers build beginning cursive skills while encouraging positive behavior and good citizenship in the classroom. Each practice page includes a memorable quote, printed in DeNealian script, plus tips for letter formation and spacing skills. When students have copied the quote, they can cut along the dotted line and add the new page to a cursive quote mini-book. For use with Grades 2-4.
