Fully revised and updated to reflect the most recent features in Java 7 and Java 8, Java Illuminated: An Active Learning Approach, Fourth Edition is one of the most interactive and user-friendly texts available. Comprehensive but accessible, the text takes a progressive approach to object-oriented programming, allowing students to build on established skills to develop new and increasingly complex classes. Java Illuminated follows an activity-based active learning approach that ensures student engagement and interest. This Fourth Edition now includes techniques for producing graphical output and animations using both applets and graphical applications.
