Edición: 1^a

Sinopsis

ISBN: 9780802143846

As the single work at the heart of Christianity, the world's largest organized religion, the Bible is the spiritual guide for one out of every three people in the world. It is also the world's most widely distributed book and its best-selling, with an estimated six billion copies sold in the last two hundred years. But the Bible is a complex work with a complicated and obscure history. Its contents have changed over the centuries, it has been transformed by translation and, through interpretation, has developed manifold meanings to various religions, denominations, and sects.

In this seminal account, acclaimed historian Karen Armstrong discusses the conception, gestation, life, and afterlife of history's most powerful book. Armstrong analyzes the social and political situation in which oral history turned into written scripture, how this all-pervasive scripture was collected into one work, and how it became accepted as Christianity's sacred text, and how its interpretation changed over time. Armstrong's history of the Bible is a brilliant, captivating book, crucial in an age of declining faith and rising fundamentalism
