Sinopsis

ISBN: 9781442263789

Building Trustworthy Digital Repositories: Theory and Implementation combines information on both theory and practice related to creating trustworthy repositories for records into one up-to-date source.

This book will bring all the credible theories into one place where they will be summarized, brought up to date, and footnoted. Moreover, the book will be international in its scope, and will discuss ideas coming from such important sources as Australia, Canada, and Western Europe
